FAQ

Q: Does your tile have a difference between the display photo and the real product when I receive it?

A: All products are taken in kind to try to show the color and texture of the product, but the stone mosaic is natural, and each piece may be different in color and texture, and due to the shooting angle, lighting, and other reasons, there may be a color difference between the real product you receive and the display picture, please refer to the real thing. If you have stricter requirements on color or style, we suggest you buy a small sample first.

Q: What is the thickness of your mosaic marble tile?

A: Normally the thickness is 10mm, and some are 8mm or 9mm, it depends on different production batches.

Q: Do you provide bulk pricing for large orders?

A: Yes, we offer competitive pricing for bulk orders. Please contact us for a personalized quote via info@xmwanpo.com

Q: How many days can I get the samples if by express?

A: Usually 7-15 days, depending on the logistic timeliness.
